

Patti Weiter, Psy.D.

President

Term Expires: 12/31/2024

I graduated from Spalding University in 2013 and completed internship at the St. Louis VA Healthcare Center. I have worked for the Robley Rex VA Medical Center since 2014. My current role is Organizational Development Psychologist focusing on employee engagement and leadership development. I am also the LGBTQ+ Special Emphasis Area Manager. Outside of my full time role, I have a small private practice called Shine Psychology. The focus of this practice is change management, leadership assessment, and executive coaching. I am married with three young daughters. I enjoy yoga & karaoke.

Diversity statement:

Part of my core values are authenticity, inclusion, and equity. I strive to develop my personal journey to deconstructing a colonized worldview. As a woman, I am familiar with the impacts of patriarchy on my life. This also impacts my identity as a mother raising 3 young children. Being able to leverage my privileges to advocate for folks is an essential part of my professional and personal mission.
